

AURUS J. SANCHEZ

PUBLIC SPEAKER

HOW TO BECOME THE ULTIMATE SPEAKER

Cultivate the Ultimate Speaker mindset and Ace your next speech/presentation

Mr. Patrick Roberts
Assistant Principal MS 216

On June 25, 2015, Aurus J. Sanchez was the keynote speaker at George J. Ryan's commencement ceremony. He immediately captured the attention of the graduates with his story about a friend named "Larry". Being an alumnus of Ryan, he was able to make connections with the audience like no other speaker. Aurus was very charismatic, well spoken, and passionate about his message to the graduating class. His ability to tell topical stories made the 1500 seated arena sit on the edge of their seats in anticipation. He received great reviews from the staff, parents, and students. His contribution is a large reason why our graduation ceremony was a success.

Adjunct Lecturer at Kingsborough Community College/CUNY Effective Public Speaking

Aurus also possesses a soft and gentle and yet sparkling personality. As a public speaker, his personality translates into a dynamic expression of warmth, humor and intelligence. This is a rare combination that he seems to integrate effortlessly. He is a pleasure to watch and listen to. I know whatever he does he will go about his work with determination and warmth and so, achieve great things. For these reasons, I highly recommend Aurus Sanchez as an inspirational speaker.
